Any inconsistencies shall be resolved in accordance with the following descending order of precedence: (1) item description, (2) face of the Order, (3) Company-Specific Terms and Conditions, (4) face of this Agreement, and (5) general terms and conditions.

3. TITLE AND ADMINISTRATION

All property rights and interests resulting from Orders shall pass directly from Seller to either the Buyer or the Government. Should the Buyer make payments under Orders from funds advanced or reimbursed by the Government and agreed to be advanced or reimbursed by the government, and not from its own assets, title shall pass to the Government, in which event Orders may be assigned by the Buyer to the Government or its designee, and in case of such transfer and notice thereof to Seller, the Buyer shall have no further responsibilities hereunder.

4. ACCEPTANCE OF TERMS AND CONDITIONS

Seller, by signing this Agreement or Orders or delivering the items identified therein, agrees to comply with all the terms and conditions and all specifications and other documents that this Agreement or Order incorporates by reference or attachment. MKGS and buyer hereby objects to any terms and conditions contained in any acknowledgment of this Agreement or Order that are different from or in addition to those mentioned in this document. Failure of MKGS and buyer to enforce any of the provisions of this Agreement or Order shall not be construed as evidence to interpret the requirements of this Agreement or Order, nor a waiver of any requirement, nor of the right of MKGS and buyer to enforce each and every provision. All rights and obligations shall survive final performance of this Agreement or any Orders.

5. GENERAL WARRANTY

Seller expressly warrants that products delivered under the Orders shall be in accordance with Seller's affirmation, description, sample, or model and compliant with all requirements of this Agreement and Order. The warranty shall begin upon acceptance and extend for a period of (1) the manufacturer's warranty period or six months, whichever is longer, if Seller is not the manufacturer and has not modified the products or (2) one year or the manufacturers warranty period, whichever is longer, if Seller is the manufacture, of the item or has modified it. The warranty for services shall begin upon acceptance and extend for a period of one year. If any nonconformity appears within that time, Seller shall promptly repair or replace such products or reperform services. Transportation of replacement items and return of nonconforming products and repeat performance of services shall be at Seller's expense. If repair or replacement or reperformance of services is not timely, Buyer may elect to return the nonconforming products or repair or replace them or reprocur the services at Seller's expense.

6. YEAR 2000 WARRANTY

The Seller warrants that each hardware, software, and firmware product delivered under this Agreement shall be able to accurately process date/time data (including, but not limited to, calculating, comparing, and sequencing) from, into, and between the twentieth and twenty first centuries, and the years 1999 and 2000 and leap year calculations to the

extent that other information technology, used in combination with this information technology being acquired, properly exchanges date/time data with it. If this Agreement requires that specific listed products must perform as a system in accordance with the foregoing warranty, then that warranty shall apply to those listed products as a system. The duration of this warranty and the remedies available to the Buyer for breach of this warranty shall be as defined in, and subject to, the terms and limitations of the Seller's standard commercial warranty or warranties contained in this Agreement, provided that notwithstanding any provisions to the contrary in such commercial warranty or warranties, the remedies available to the Buyer under this warranty shall include repair or replacement of any listed product whose non-compliance is discovered and made known to the Seller in writing within ninety (90) days after acceptance. Nothing in this warranty shall be construed to limit any rights or remedies the Buyer may otherwise have under this Agreement with respect to defects other than Year 2000 performance.

7. ASSIGNMENT

Seller shall not assign rights or obligations to third parties without the prior written consent of Buyer, which consent, in the case of a transfer of all or substantially all of Seller's assets to a successor in interest, shall not be unreasonably denied or delayed. Payments to an assignee shall be subject to set off or recoupment for any present or future claims of Buyer against Seller.

8. NEW MATERIALS

Unless otherwise specified in this Agreement or Order, all products delivered shall consist of new materials. New is defined as previously unused which may include residual inventory or unused former Government surplus property. This does not include the use of recycled or recovered material as defined by the Environmental Protection Agency in 40 CFR 247.

Government and is subject to the standard Government bill of lading terms and any special rates or charges. No insurance cost shall be allowed unless authorized in writing on the specific Order.

10. RISK OF LOSS

Where Buyer is liable to Seller for loss of conforming items occurring after the risk of loss has passed to Buyer, Buyer shall pay Seller the lesser of (1) the agreed price of such items, or (2) Seller's cost of replacing such items. Such loss shall entitle Seller to an equitable extension in delivery schedule obligations.

11. PAYMENT

Unless otherwise provided in the Agreement Article entitled "Delivery/Payment", terms of payment shall be net 30 days from the latter of (1) receipt of Seller's proper invoice, if required, or (2) delivery of products/completion of work.. Any offered discount shall be taken if payment is made within the discount period that Seller indicates. Payments may be made either by check or electronic funds transfer, at the option of Buyer. Payment shall be deemed to have been made as of the date of mailing or the date on which an electronic funds transfer was made. Notwithstanding anything herein, the Buyer shall be entitled at any and all times to set off against any amounts payable by the Buyer hereunder any amount owing from Seller to the Buyer under Orders with Seller.

12. COMPLIANCE WITH LAWS

Seller shall comply with all applicable federal, state, and local laws and ordinances and all pertinent lawful orders, rules, and regulations and such compliance shall be a material requirement of this Agreement or any resulting Orders. Seller warrants that each chemical substance constituting or contained in items furnished is on the list of substances published by the Administrator of the Environmental Protection Administration pursuant to the Toxic Substances Control Act as amended. With each delivery Seller shall provide Buyer any applicable Material Safety Data Sheet as required by the Occupational Safety and Health Act and applicable regulations including, without exception 29 CFR 1910.1200.

13. TERMINATION FOR CAUSE

- (a) The Buyer may terminate any Orders for cause, in whole or in part, if the Seller fails to

comply with any of the terms of any Orders, or fails to provide adequate assurance of future performance. In that event, the Buyer shall not be liable for any amount for products or services not accepted.

- (b) If any Order is terminated for cause, the Buyer may require Seller to deliver to the Buyer any supplies and materials, manufacturing materials, and manufacturing drawings that Seller has specifically produced or acquired for the terminated portion of Order. The Buyer shall pay the agreed-upon price for completed items delivered and accepted. The Buyer and Seller shall agree on the amount of payment for all other deliverables.
- (c) Seller shall not be liable to Buyer for delays in performance occasioned by causes beyond Seller's reasonable control and without its fault or negligence.
- (d) The rights and remedies of the Buyer in this Article are in addition to any other rights and remedies provided by law or under this Agreement.

14. BANKRUPTCY

If Seller enters into any proceeding relating to bankruptcy, it shall give written notice via certified mail to the MKGS Strategic Agreement Administrator within five days of initiation of the proceedings. The notification shall include the date on which the proceeding was filed, the identity and location of the court and a listing of this Agreement and Order numbers for which final payment has not been made.

products: (2) the quantities of products ordered; (3) the method of shipment or packaging, and (4) the time or place of delivery, inspection, or acceptance. The Seller shall promptly comply with any such change made by the Buyer. If any change affects the cost of or the time required for performance, an equitable adjustment to the price and/or delivery requirements and other affected provisions of any Order shall be made by the parties in a bilateral modification. Any claim for adjustment by Seller must be made within 30 days from the date of receipt of Buyer's change notice, although Buyer in its sole discretion may receive and act upon any claim for adjustment at any time before final payment.

- (b) Only the Buyer's Primary Representative is authorized on behalf of Buyer to issue changes whether formal or informal. If Seller considers that any direction or instruction by Buyer personnel constitutes such a change, Seller shall not rely upon such instruction or direction without written confirmation from the Buyer's Primary Representative. Nothing in this Article, including any disagreement with Buyer about the equitable adjustment, shall excuse Seller from proceeding with any Order as changed.

17. TERMINATION FOR CONVENIENCE

The Buyer may, in its sole discretion, terminate any Order, or may terminate the fabrication of all or any portion of the products not then completed, at any time, by giving the Seller a written notice of termination. Upon receipt of a notice of termination, the Seller shall, unless the notice requires otherwise, discontinue all performance on the date and to the extent specified in the notice, and shall otherwise minimize costs, if any, to the Buyer. Payment for items already completed or in the process of completion, shall be adjusted between the Seller and the Buyer in a fair and reasonable manner, but such payment shall exclude any allowance for the uncompleted portion of the products, or any anticipated profits thereon. Such payment for products already completed or in the process of completion shall be the total compensation due to the Seller for termination at will by the Buyer.

18. SUSPENSION

The Buyer may, for any reason, direct the Seller to suspend performance of any part of or all of the

performance of any Order for an indefinite period of time. If any such suspension significantly delays the progress of or causes the Seller additional direct expenses in the performance of any Order, not due to the fault or negligence of the Seller, the compensation to the Seller shall be adjusted by a modification to any Order and the time of performance shall be extended by the actual duration of the suspension. Any claim by the Seller for compensation of a schedule extension must be supported by an appropriate document asserted within ten (10) days from the date an order is given to the Seller to resume the performance of any Order.

19. INSPECTION

Buyer may inspect and test material, work in progress, and supplies at all times and places, during the manufacture and otherwise. If inspection and test are made on Seller's premises, Seller, without additional charge, shall provide reasonable facilities and assistance for the safety and convenience of the inspectors. Inspections and test by Buyer shall be performed in such a manner as not to delay the work unduly.

20. DISPUTES

The parties shall exert their best efforts to reach a settlement of any disputes which may arise between them under any Order, however, any dispute arising under any Order which is not settled by agreement of the parties will be litigated in the state or federal courts of the State from which the Buyer's Order is issued. Pending any decision, appeal, or judgment in such proceedings, or the settlement of any dispute arising under or in connection with any Order, Seller shall proceed diligently with the performance of any Order in accordance with the decision of the Buyer.

21. NOTICE OF POTENTIAL DELAYS

To the extent the Seller's performance under this Agreement or any order requires access to MKGS or Buyer confidential or proprietary information, Seller agrees to hold the same in confidence and to otherwise not release, disclose or disseminate the information absent MKGS or Buyer consent.

26. INDEPENDENT CONTRACTOR

In the performance of the work and the supplying of the products and services under this Agreement or any resulting orders, the Seller shall act solely as an independent contractor, and nothing herein contained or implied will at any time be so construed as to create the relationship of employer and employee, partnership, principal and agent, or joint judgment.
